PROFESSIONAL SUMMARY

I am interested in working in a challenging position in software engineering which required special skills and abilities in programming. I want to associate myself with an organization which will allow me to work alongside an expert team and also provide me with an opportunity for growth of my career.

SKILLS & ABLITIES

Programming: *JavaScript, TypeScript, C, C++, Java, HTML, CSS, Tailwind CSS , SCSS*
Libraries & Frameworks: *React js, Next js, Redux, Vue js, Vuex, Pinia, Nest js*
Version Control : *Proficient in Git and different service providers like GitHub, GitLab.*
Core Knowledge: Data Structures & Algorithms, Frontend Development, Backend Development , Responsive Web Design, Object-Oriented Programming ,Basic Wordpress , System Design

PROJECTS

AI POLITICAL POSTER MAKER | *Live Demo*

- *Developed a web application focused on creating customized political posters and campaign graphics*
- *Designed a user-friendly interface to support poster creation and improve the overall user experience.*
- *Deployed the application on Vercel for online access.*

Technologies: *React.js,Typescript , Tailwind CSS, Node.js, or AI APIs, if applicable.*

Gemini AI Chatbot | Live Demo

- Developed an AI-powered chatbot web application designed to provide interactive, AI-generated Responses to user prompts.
- Built a modern, responsive user interface using Next.js and React for a smooth conversational experience.
- Integrated Google Gemini AI to generate contextual responses and support AI-assisted interactions.
- Deployed the application on Vercel for online accessibility.

Technologies: Next.js, React.js, Google Gemini API, Vercel.

SMART BANKING SYSTEM | Github

- Developed a banking application to simulate core banking operations and manage customer account information.
- Implemented account management and essential banking operations, such as deposits, withdrawals, and balance inquiries.
- Applied programming and problem-solving concepts to manage transaction workflows and maintain account records.
- Organized the application logic to improve code readability, maintainability, and reliability.

Technologies: *React.js, Javascript , Tailwind CSS, Node.js, or AI APIs, if applicable.*

Musify | Github

- Developed the backend for Musify, a music streaming platform inspired by Spotify.
- Implemented server-side logic and API endpoints to support music-related data and frontend communication.
- Structured backend components to support maintainability, data management, and application functionality.
- Designed the backend with a focus on organizing music platform operations and handling client requests.
- **Technologies:** *React.js, Javascript ,Typescript ,Tailwind CSS, Node.js, or AI APIs, if applicable.*

ACHIEVMENTS

- **LeetCode Problem Solving:** Solved 200+ problems on LeetCode, strengthening skills in data structures, algorithms, and analytical problem-solving.

- **3rd Place – Annual Programming Contest:** Secured 3rd place in an annual programming contest organized by a university computing club.

- **University Programming Contests:** Participated in multiple programming contests at Eastern University, gaining experience in competitive programming and algorithmic problem-solving.

EDUCATION

Eastern University | *2024 – Present*
B.Sc. in Computer Science & Engineering (CSE) | Current CGPA: 3.22

Government Janata College
Higher Secondary Certificate (Science) | GPA: 4.58 | Passing Year: 2024

SOFT SKILLS & LANGUAGES

Soft Skills: Problem Solving, Teamwork, Communication, Quick Learning, Time Management, Adaptability
Languages: Bengali (Native), English (Intermediate)

EXTRA-CURRICULAR ACTIVITIES

- **System Design:** Knowledge of software architecture, system components, scalability, and maintainable application design.
- **WordPress Development:** Experience creating and customizing websites using WordPress.
- **Competitive Gaming:** Participated in university gaming competitions and received an award for gaming performance.
- **Football & Cricket:** Actively interested in team sports, collaboration, discipline, and sportsmanship
